

## LECTURE ANNOUNCEMENT WS 2024/25

# Surface Science and Corrosion

Wednesdays, 12:00 – 15:00 h, Room IC 04/414-442

Dr. Michael Rohwerder  
Prof. Dr. Martin Stratmann  
MPI für Eisenforschung

The lecture course *Surface Science and Corrosion* will be given in English. It is aimed at students of the Master's program of **Mechanical Engineering** (special subjects: Materials Engineering and Micro-Engineering) and of the Master's program **Materials Science and Simulation (MSS)**. Students will obtain a fundamental understanding of corrosion science and related surface technologies, as well as an introduction of engineering aspects for counteracting corrosion.

06. November

13. November

20. November

04. December

11. December

18. December

08. January

15. January

22. January

Dates for the seminar and a practical lab course will be announced in the first lecture on 06. November.

**Teaching assistant responsible for this course:**

M.Sc. Tim Storch, Room ICFO 04/341, E-mail: [tim.storch@rub.de](mailto:tim.storch@rub.de), tel. 0234-32 15700
