

LECTURE ANNOUNCEMENT WS 2021/22

Surface Science and Corrosion

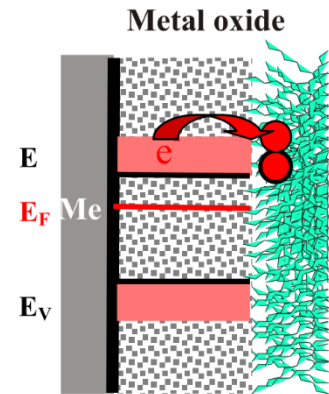

Wednesdays, 12:00 – 15:00 h, Zoom-Meeting

PD Dr. Michael Rohwerder

Prof. Dr. Martin Startmann

MPI für Eisenforschung

The lecture course *Surface Science and Corrosion* will be given in the English language. It is aimed at student of the Master's programme of **Mechanical Engineering** (special subjects: Materials Engineering and Micro-Engineering) and of the Master's programme **Materials Science and Simulation (MSS)**. Students will obtain a fundamental understanding of corrosion science and related surface technologies, as well as an introduction of engineering aspects for counteracting corrosion.

03. November

10. November

17. November

24. November

01. December

08. December

15. December

22. December

12. January

The lecture is held via Zoom. You will find the Zoom-Meeting link for the respective dates in the Moodle course. Dates for the seminar and a practical lab course will be announced later in the course as detail depend on the Corona pandemic situation.

Teaching assistant responsible for this course:

Dr.-Ing. David Bürger | Room IC/04-341 | E-Mail: david.buerger@rub.de | Tel.: 0234 32-29109
